**Hannah Anozie**

**Level 3 Lead Adult Care Worker  
Apprenticeship Standard**

**Clifton Homecare**

### **Ewelina, tell us a little about yourself**

I'm a very cheerful person and love being around people. I love watching movies and travelling.

### **Why did you choose an apprenticeship?**

I chose to do this programme in order to learn more about my job and to perform my duties to the best of my ability. I am studying the Apprentice qualification whilst working as a Care Assistant and it's great that I am actively learning on the job. It helps me understand the job in more detail as we cover things like policies and procedures, legislation and other relevant topics.

### **What are your main responsibilities as an apprentice?**

I support our clients to live more comfortable. I also support other colleagues in my role as a Staff Mentor.

### **Would you recommend an apprenticeship to those looking to start a career in the care sector?**

Yes I would. The main benefits are that you are gaining a qualification whilst you work and also are learning and getting hands-on experience in the role.

### **What is next for you? Is there another milestone you want to achieve?**

Yes, I feel like I am progressing in my role and learning more, particularly since I became a Staff Mentor. I plan to take advantage of other opportunities that may come my way to further advance my knowledge, skills and competences.

### **What do you feel are the advantages of doing an apprenticeship over other training or education?**

I like the flexibility of being able to learn on the job at my own pace.

### **What are your future plans?**

My plan is to advance in my career through undertaking continuous professional development processes. I would like to continue working hard and to become best version of myself I would love to be.

### **As the theme for National Apprenticeship Week 2023 is #SkillsForLife, what skills for life would you say you have gained whilst undertaking your apprenticeship?**

Improved communication skills  
Improved professional relationship with clients.  
Increased confidence in the discharge of my duties based on enhanced knowledge.
