

## A very warm welcome to Blackburn with Darwen Borough Council

### Adult Social Care Learning Programme

We have an extensive programme of E-Learning to support Blackburn with Darwen Workforce to meet CQC mandatory training and other CPD requirements. You will also need to follow your organisational and departmental guidance and undertake practical demonstrations and assessments to complete some of your formal training.

Once each module and evaluation is completed, you will be able to download and save your Certificate. You should keep these safely as they will count towards the Care Certificate or other qualification training, along with formal sign off after undertaking appropriate practice experience and assessment.

The learning can be done either on a home computer, laptop or mobile as long as it connects to the Internet. You will need an email address; this can be work or personal email. We have recently transitioned to a new version of the [MeLearning](#) site, so if you are an existing user and have not yet accessed the new site, you will need to find an email invitation to the BwD Safeguarding site and accept this to begin your learning. If you are struggling to locate this, please email [workforce.development@blackburn.gov.uk](mailto:workforce.development@blackburn.gov.uk) and we can reissue the invitation.

If you are a new user, you can self-register through the following link (instructions below): <https://app.melearning.co.uk/auth/validate-key?registerKey=WRQBPYFD>

Any difficulty accessing the programme may be due to increased demand on the system at that time and we suggest that people try at different times of day. If you stop at any point, the programme should remember where you left off and continue again from there.

The table on the following page shows which social care modules are available; there may also be others that you find useful on the learning site.

## We hope you find the learning interesting and useful

<u>Module</u> *Care Cert	<u>Title</u>	<u>Link</u>	<u>Completion Date</u>
	<p><b><u>Care Certificate - Digital Learning Suite</u></b>  <i>The Care Certificate has been developed to help ensure that health and social care workers are knowledgeable, safe and able to provide compassionate, high-quality care to vulnerable people. This online course gives learners access to 15 units, each comprised of a series of short, engaging and interactive courses designed to provide learners with knowledge and understanding of the Care Certificate’s standards. This course provides the knowledge and information to help the Learner pass the Care Certificate, but does not include the workbook segment of the Care Certificate.</i></p>	<a href="#">BwD Safeguarding - Me Learning</a>	
	<u>Modules include:</u>		
<b>1</b>	<b>* <i>Understand your Role – for Health and Social Care</i></b>		
<b>2</b>	<b>* <i>Your Personal Development – for Health and Social Care</i></b>

**Please Note**

***Some courses may require additional practical guidance / workshop / assessment for the full qualification eg. Care Certificate; Basic Life Support, Moving and Handling, Medication Management, Food Safety – the additional must be completed by learner’s own organisation***

***Policy and procedures may vary depending on setting; your Manager / organisation should provide appropriate safety guidance and support. Please also check current guidance on the government website***

- ❖ **Access to the training above is provided free of charge for our Social Care providers and partners who provide services within the Blackburn with Darwen area**

## How to register for E-Learning via Blackburn with Darwen Borough Council

**BWD E-Learning - Council E-Learning site** (Most courses can be found under **Browse courses**)

1. Open a web browser on your PC, laptop or phone using Microsoft Edge (or Google Chrome if you don't have Edge)
2. Go to the website: <https://app.melearning.co.uk/auth/validate-key?registerKey=WRQBPYFD>
3. Register on the site, completing all the fields required
4. Log in using your new username and password
5. Once you login you will be taken to your learner screen where you can see the courses you are already enrolled onto (My courses), the courses you have completed (My completions), and where you can browse available courses (Browse courses)

### **My courses**

Search courses

Showing 0 of 0 courses

20

per page

6. If you go to 'Browse courses' you will see a list of courses which you are able to search for or filter. Towards the right of the course name there will be an option to "view" the course, click on this
7. This will open a page with the course details and the option to "enrol" on the course. The course will update the page, now with the option to 'Launch each module. You can now work through the course by completing each module, and your progress will be recorded as you go.
8. After finishing the course and completing the quiz, your course will be complete.
9. You must complete the evaluation after each course to receive your certificate.
